

**Davis / Sacramento Region
SMYSP College Cluster Alumni Event at UC Davis (4/7/06)**

In Attendance: Destinee Cooper, Linda Espinoza, Nina Wu, Zhi Zeng, Iris Luo

Notes:

- Everyone introduced themselves along with what year they were in the program.
- Destinee gave a status update about the summer SMYSP, the non-profit organization, the current functioning of the Alumni Association, and the 20-year reunion (Leadership Summit and Colloquium).
- Upon being asked to brainstorm about suggestions for SMYSP and the alumni association, the alumni came up with the following suggestions:
 - Independent login to website so alumni can get and update their information. Other organizations do similar things (There is one at UC Davis).
 - Requested to update directory right prior to reunions or maybe more often so that information isn't out of date when referenced
 - Want a Fall Welcome for new SMYSP students that will be coming to UC Davis (want to possibly have little siblings upon the gatherings)
 - Want a way to keep in touch with others in same major (would be like mentors)
 - Make UCD meetings more often
 - Wants to know who is going to annual reunion ahead of time from each program year (have people RSVP and send it out to entice others).
- Those present chose their representatives to be Iris Luo, Linda Espinoza, and Nina Wu.
