South Bay College Cluster Representative Meeting

In attendance: Dontae Rayford, Earl Hall, Ruben Mora-Roman, Jr., and Destinee Cooper

Lunch at: The Counter

- College Cluster placement within SMYSP Alumni Association
 - Destinee explained that the college clusters are a priority for SMYSP, with Destinee taking each region under her wing individually to get them up and running.
 - Budget: SMYSP is working out the details of how they will be able to help out in funding, but an example will be SMYSP setting aside a sum of money and the region using some of it to pay for regional activities and events. This sum, however, would be a one-time deal with the region needing to make sure that money is being put back into the account. Therefore, SMYSP would keep track of balance and money going in or out of the account. SMYSP would notify region of activity.
 - For now, think small in terms of activities, expenditures and number of alumni involved in activities.
 - Destinee will be getting ahold of the representatives once descriptions of the college clusters and the events are written (**action item**)
- Dontae, Earl and Ruben put stickers on California maps for location of regional alumni
- Plan out South Bay's College Cluster events
 - Send 5 new people goody bags that include snacks, say happy Halloween, send list of who's there new
 - Have fall welcome with music from laptop, potluck for food, activities, location would be at Stanford in free location
 - Possibly arrange a snow boarding trip
 - RSVP process send to everyone around Halloween or beginning of November
 - Create list serve with yahoo groups
 - Destinee needs to resend directory (**action item**).
