## North/East Bay College Cluster Representative Meeting

**In attendance:** Devynn Taylor, Steven Wu, and Destinee Cooper

Lunch at: Pyramid Alehouse, Brewery and Restaurant

- College Cluster placement within SMYSP Alumni Association
  - Destinee explained that the college clusters are a priority for SMYSP, with Destinee taking each region under her wing individually to get them up and running.
  - Budget: SMYSP is working out the details of how they will be able to help out in funding, but an example will be SMYSP setting aside a sum of money and the region using some of it to pay for regional activities and events. This sum, however, would be a one-time deal with the region needing to make sure that money is being put back into the account. Therefore, SMYSP would keep track of balance and money going in or out of the account. SMYSP would notify region of activity.
  - For now, think small in terms of activities, expenditures and number of alumni involved in activities.
  - Destinee will be getting ahold of the representatives once descriptions of the college clusters and the events are written (**action item**)
- Devynn and Steven put stickers on California maps for location of regional alumni.
- Plan out North East Bay's College Cluster events
  - The representatives want to have a small gathering for the North/East Bay College Cluster alumni. They will be deciding where soon enough, but we need to let them know how much money they have to play with.
  - Destinee needs to resend directory (**action item**).
